**COMPETITIVE EXAMINATION TRAINING CELL (CETC)**

**Preamble:**

- Competition is all pervasive including employment market.
- Demand for competent and qualified young graduates for administrative jobs is on the rise.
- There is mismatch between demand and supply of suitable candidates in the job market.
- The level of competition is formidably high in respect of high esteem jobs like civil services at central and state levels.
- Cracking the competitive examinations at the preliminary stage of selection is a difficult task for many aspirants.
- Therefore majority aim for low/middle order jobs though higher posts are available. Myth surrounding the examinations conducted by UPSC, KPSC, SSC, IBPS.
- Mushrooming of training centers in Metropolitan, Tier-1 and Tier- 2 cities.
- Hefty fees charged by training centers are not within the reach of economically and socially disadvantaged group.
- CETC is conceived and conceptualized to train, motivate and guide the young aspirants.

**Objectives:**

The CETC was established in June 2021 with the following objectives.

- Identifying and orienting the students towards high esteem jobs in Government and Private Sectors.
- Designing and developing competitive Examination Training Modules.
- Scheming and Implementation of Service Delivery.
- Mobilization of Human Resource and facilitating the job aspirants to appear for examinations.
- Entering into MoU with institutions that provide high level training.
