Report on Field visit to Lingambudhi Lake and Botanical garden

Department of Botany on 24/10/2025 organised field visit to lingambudhi lake and Botanical garden to gained knowledge on Ecosystem, Vegetation and Diversity of plants. 67 Students of II B.Sc benefited from this visit. Chandana C and Anusha faculty members accompanied the students.

Objectives:

- Understanding the importance of Plant classification
- To study plant diversity
- To learn about medicinal and ornamental plants
- Observe adaptation of plants

Brief Write up on the Field Visit:

A field visit to lingambudhi lake and Botanical garden was a very interesting and educational trip.

In the botanical garden, we saw many types of plants like trees, shrubs, herbs, and flowering plants. Student learned about different plant species and their uses, including medicinal plant diversity and the importance of ornamental plants.

This field visit gave us practical knowledge and made us more aware of nature and environment conservation

Outcomes

- Ability to identified various plant parts and their functions.
- Students observed biodiversity of plants.
- The visit improved observation skill and interest in nature.
- They gained knowledge about medicinal and useful plants in the botanical garden.
